There is a Way to Get Rid of the Torturous Suffering.

Those who rely upon local treatment auch as ointments, salves, lotions, washes, etc., which are applied to the surface of the skin, will never be free from agonizing skin diseases, because they are going about the treatment just backwards. They are treating the results of the disorder, and not the disease itself. They are attempting to boil water by applying the heat in the wrong place.

These terrifying skin irritations.

There is a Way to Get Rid of the grad diseases by the use of local treatment, as such remedies cannot possibly reach the source of the trouble, which is the blood.

When any of these symptoms appear on any part of your body, you should take prompt steps to rid the blood of the germs which cause them. And the one remedy which has no equal as a blood cleanser is S. S. which is sold by druggists everywhere.

Egin taking S. S. today, and write a complete history of your case.

These terrifying skin irritations, eczema, tetter, boils, pimples, etc., have their origin in a disordered condition of the blood. They come from a colony of tiny germs which get into the blood and multiply by the million.

Begin taking S. S. S. today, and write a complete history of your case to our Chief Medical Adviser, who will give you special instructions without charge. Write at once to Medical Director, 613 Swift Laboratory, Atlanta, Ga.—Adv.
